

Student Get Together

Under the supervision of the Division of Student Affairs, the Campus Life Department organized a 'get together' event on the Male and Female Campuses. The purpose of the event was to reactivate PMU current clubs and give an opportunity for new and innovative ideas. The Photography Club, Book Club, Science and Energy Association and the Drama Club active participated in the event. The audience enjoyed a presentation of "Samel in a Rowdy Classroom", performed by the members of the Drama Club.

Dr. Yousif Suleiman, University Secretary General and Advisor of the Science and Energy Association at PMU, extended his appreciative gratitude to all members of the Division of Student Affairs for their outstanding accomplishments over the last two years.
