

## **New Student Orientation**

Under the supervision of the Division of Student Affairs, the orientation of new students male and female for Spring Semester 2010 commenced with the welcoming word of Mr. Omar J. Elmoussa, Director of the Division of Student Affairs, and followed with the PMU Rector, Dr. Issa Al Ansari who spoke of the rights and responsibilities of students and what they need to do to be successful in their learning endeavor.

After the welcoming and inviting words, the departments of admission, campus life, career service, health care and counseling, and financial aid gave a power point presentation to the new students about pertinent information they need to know and services we provide.

In the honor of the new students, gifts were given, brunch was served, and a campus tour to the colleges, Administration Building, Division of Student Affairs, Cafeteria, Campus Life, Clinic, and the LRC.

After students returning from the campus tour, they were given a survey to fill out and more than 10 students male and female won complimentary gifts in a raffle draw. Overall, students were quite pleased and ecstatic with the orientation process.
